The firm represents many associations of professionals, including attorneys, accountants, doctors, consultants and other professional service firms in connection with the governance of their associations, the acquisition and leasing of office space, negotiation of business agreements and other matters. The firm understands the dynamics of professional service firms and seeks to provide efficient and cost-effective legal services.

Some of the issues we handle for professional service firms are:

- Entity formation, governance and structure
- Buy-sell and shareholder agreements
- Federal and state income tax issues
- Commercial borrowing
- Real estate transactions and leasing
- Business contracts
- Litigation
