Witkin Speaks at ABA Environmental Webinar

Attorneys

James B. "Jim" Witkin

January 28, 2014

James B. Witkin was a speaker at the recent American Bar Association webinar "Successful Brownfields and Contaminated Sites Transactions: Getting Complex Environmental Deals Done." Mr. Witkin discussed current trends in environmental due diligence, including the recent changes to the ASTM-E-1527 Phase I Environmental Site Assessment Standard, and the growing emphasis on vapor intrusion in brownfields developments.
